Description

Hitech Marine Repowered this hull with a new Mercruiser TKS 135 hp 3.0 Litre engine, drive, instrumentation, controls and electrical package.

A well known Mandurah vessel this great example of a Chivers Thunderbird is a credit to its owner.

New Mercruiser Power steering easily handles the extra power and torque from this robust engine and the [Alpha drive](#) throws the heavy WA hull up with ease.

The delighted owner sent us the following review...

"To Tony and John, the boys in the workshop and off course the girls in the office at Hitech.

I would like to extend my thanks on the great 3.0L package provided for my thunderbird.

Fuel economy is great as is the increase in power to the old motor, thanks to you all on the help and service you provided me with the repowering of my boat.

Patrick-Mandurah"
