Description

18`6ft Chivers Thunderbird fibreglass boat with a new Mercruiser engine and [Alpha Drive](#) unit part of a full refit by Hitech Marine in Perth Western Australia.

This great looking West Australian built fibreglass boat underwent a full refurb including a 2 PAC re-paint, electrical rewire, steering replacement, New Mercruiser engine and Alpha Generation 2 drive, gauges, controls and Bimini cover.

The result is a good looking and very capable offshore cruiser with all the confidence and reliability of a new boat at a fraction of the price.

The boat can now achieve between 36 and 38 knots at wide open throttle and uses around 15 to 18 litres per hour at cruise
